

INGCWETI PROJECT MANAGEMENT CC

OUR PURPOSE

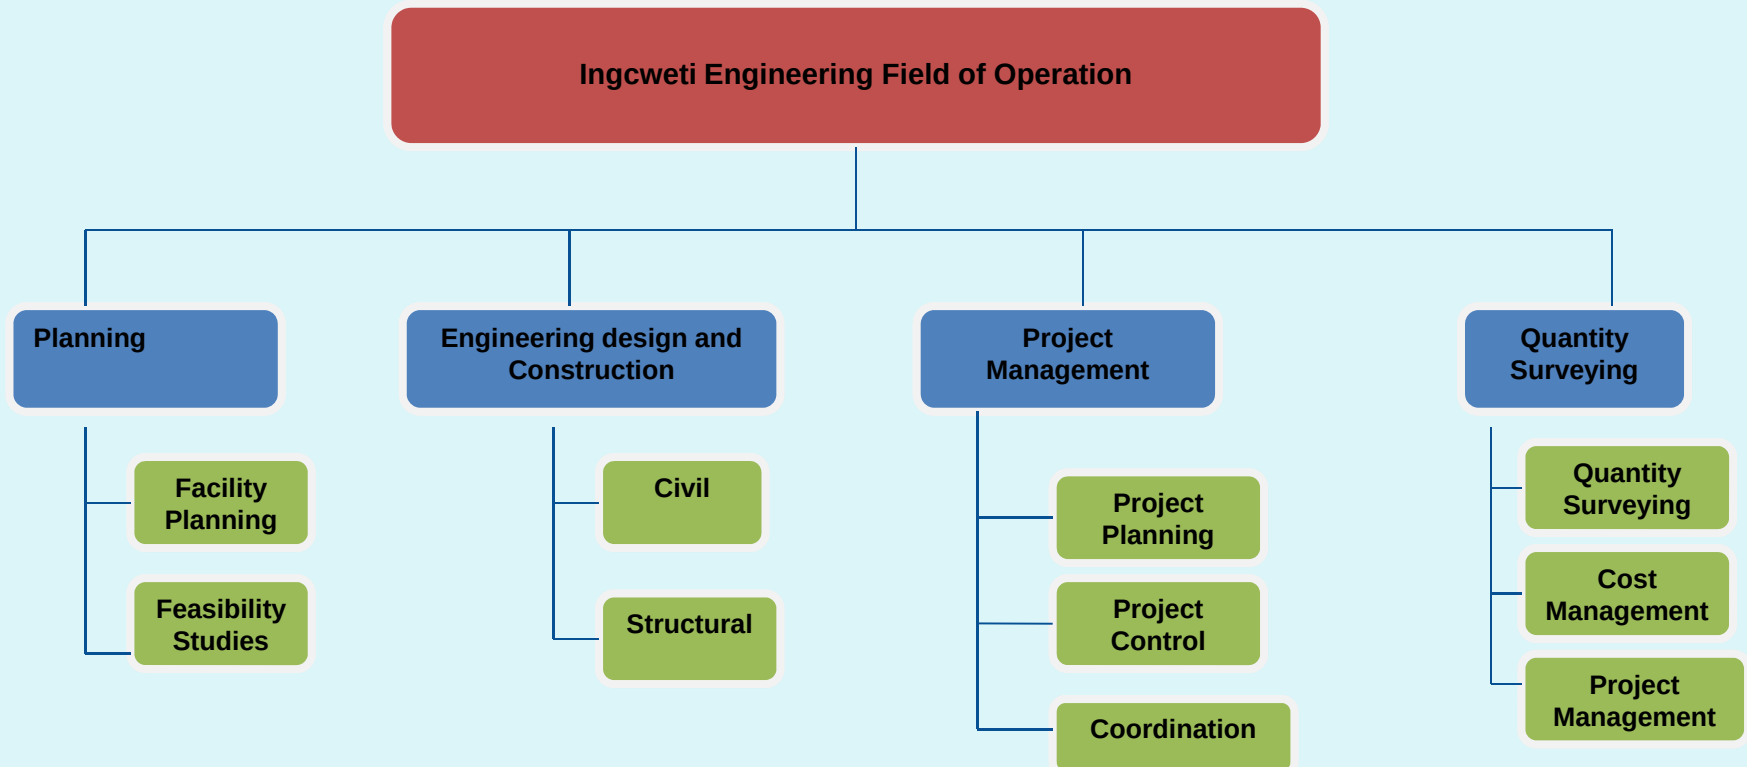

- To deliver in a professional (Ingcweti) manner, the building and works to public and private clients that meet the expectations of the users.
- The word 'Ingcweti' in isiZulu means “one who does things the right way or with perfection”.

OUR PROJECT APPROACH

- We are responsive to clients needs
- We develop customised solutions that meet each client's peculiar circumstances
- We promotes health and wellbeing of the people ,communities and the environment for which it delivers its services
- We comply with all government relevant legislation.
- We provide all the services the client needs for the supply of their facilities. In case we cannot supply a service ourselves we ask a member of our network of trusted partners (one stop shopping).

OUR ENGINEERING SERVICES

- Integrated project services
- Facility Planning
- Traffic studies
- Project management
- Contract management/supervision
- Structural Engineering services
- Civil Engineering services
- Quantity Surveying

TYPICAL PROJECTS

Typical projects Ingcweti is involved in are:

Traffic and Transport

- Road rehabilitation
- Pedestrian facilities
- Roads construction
- Roads surfacing
- Mass earthworks
- Storm water
- Roads network analysis studies

Drinking water supply

- Water Reservoirs and Pump stations
- Water Treatment Stations
- Water Stations Rehabilitation
- Water pipelines and distributions
- Bulk Water Main

Waste water and Waste disposal

- Sewer pipelines
- Landfills sites
- Waste material disposal

Education, Health and Community gatherings

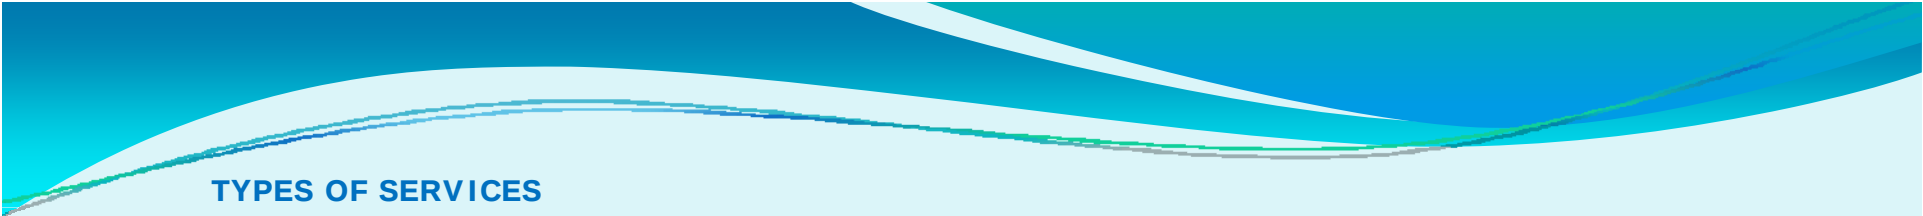

- New buildings construction, renovation and upgrading of schools and clinics facilities
- Facilities installation projects

Sport, Recreation and Leisure

- Environmental assessment
- Renovations and upgrading
- Construction projects

Offices

- New buildings construction, renovation and upgrading

TYPES OF SERVICES

We distinguish our services in integrated and singular;

An integrated service uses all or nearly all of our fields of operation. Integrated services are easy for the Clients. They require a lot of coordination and oversight.

A singular service uses only one or two fields of operations.

Ingcweti is designed and has the experience to deliver inlight services. When we do not have a specific field of operation we make use of a member of our network of trusted partners. We take the responsibility that a project is well executed.

CLIENTS SERVICED:

1. PUBLIC CLIENTS

CENTRAL GOVERNMENT

- National Department of Works
- KZN Department of Public Works
- KZN Department of Education
- KZN Department of Health
- KZN Department of Transport
- KZN Ezemvelo Wildlife
- KZN Department of Cooperative Governance & Traditional Affairs

MUNICIPALITIES

- Ethekwini Municipality
- Sisonke District Municipality
- Ugu District Municipality
- Ndwedwe Local Municipality
- uMhlabuyalingana Municipality
- Nquthu Municipality
- Maphumulo Municipality
- uMlalazi Municipality
- Jozini Municipality

2. PRIVATE CLIENTS

END USER

- SANRAL
- Ithala Development Finance Corporation
- Independent Development Trust
- Ingonyama Trust

CONSULTANTS

- Aurecon
- Partners in Development (Pty)Ltd
- Eyethu Engineers cc
- CBI Consulting Engineers
- Emzansi Engineers
- Delca Systems
- DGIT Architects
- Khulu & Associates Architects
- Minenhle Makhanya Architects

SUPPORTED CLIENT FUNCTIONS

Our clients do have the responsibility to supply buildings and works regarding:

- Traffic/transport
- Drinking water supply
- Wastewater/waste disposal
- Education
- Health
- Sport
- Community gatherings
- Recreation/leisure
- Offices

We support these functions with our engineering services.

OUR MAJOR CONTRACTS

SOME COMPLETED PROJECTS

COMPLETED WATER SUPPLY AND WASTE MANAGEMENT PROJECTS							
Client	Project Name	Description	Project Value	Year	Contact Person	Contact Tel:	Funded by

OUR VALUES

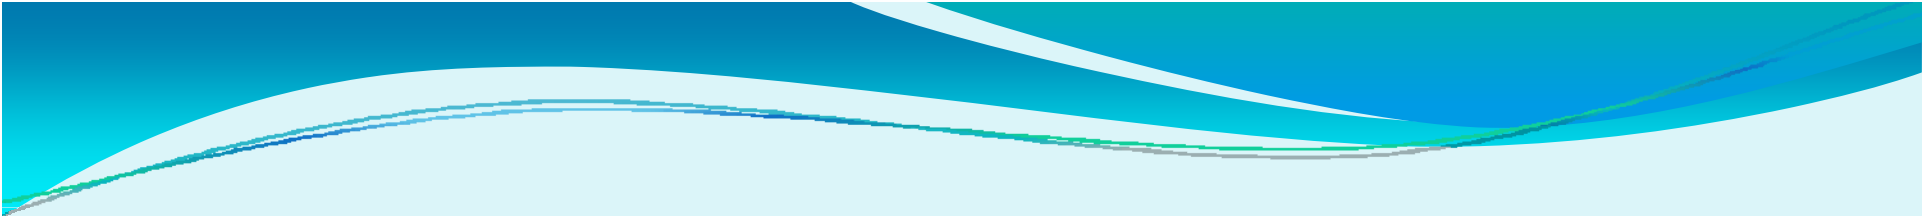

The values that guide our behaviour are:

- Client satisfaction
- Pro-active planning
- Passion and commitment to development
- Respect for environment and culture
- Teamwork and communication with the client
- Integrity and professionalism
- The management pledge; we abide by the laws of South Africa

OUR RESOURCES

- a well originated company
- Experienced staff (see our organisational structure)
- Network of trusted partners
- Network of local offices

POLICY PRINCIPLES

Company

- To segment the company in a manner that will enable specialisation in all services that the company is rendering.
- Establishing, monitoring, and review of practices and quality objectives for continuous improvement

Trusted partners

- To develop and maintain partnerships with other reputable companies thus increasing capacity.

Staff

- Build the capacity of our company internally so that we are able to sustain outward growth.

Employer

- To enhance economic growth by continually training and providing support to previously disadvantaged individuals.

Local offices

- To open new offices within the province so that our clients will be fairly services.

Project Team Orgarnogram

5.2 Our Key Personnel

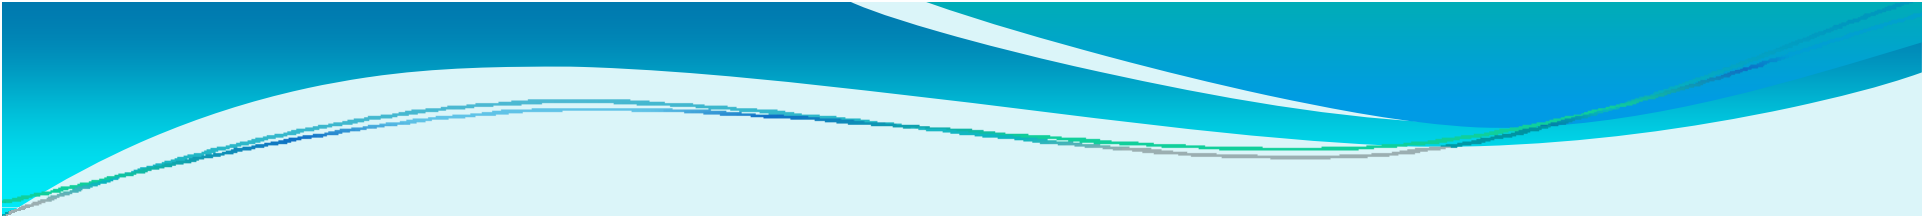

Personnel	Position in Team	Qualification	Experience in Brief
1. Mduduzi Ntuli	Project Director	B. Tech Civil Engineering (Natal Technikon, 1999) Cert. Executive Leadership Development Programme (University Westville) Current Study: MBA (Uni. KwaZulu-Natal)	▪ Qualified Civil Engineering Technician with 24 years experience gained from main contractors, consultants firms and Client Organisations. ▪ Extensive construction project management experience. ▪ Great experience in construction contract management. ▪ Extensive experience in site management.
2. Brad Rutherford	Design Engineer/ Project Manager	BSc Civil Engineering (Uni. Natal) [Prof. Civil Engineer] [Prof.CPM]	▪ Registered Professional Civil Engineer with 39 years experience. ▪ Extensive experience is hydrological, geotechnical and building structural design. ▪ Experienced professional construction project Manager. ▪ Extensive experience in site management.
3. Mbongeni Mabuza	Design Engineer	B-Tech (Civil Engineering)	▪ Qualified Civil Engineering Technologist with 7 years experience. ▪ Extensive experience in design of civil and water engineering works including mater planning. ▪ Extensive site experience including supervision on dam construction. ▪ Extensive knowledge of design softwares. ▪ Producing all projects designs ▪ Communicate all the design to the contractors ▪ Supervise all construction works as per approved designs
4. Rachel Ramedupe	Quantity Surveyor	BSc Construction Studies Prof. QS Current study: MBA	▪ Quantity Surveyor with more than 4 years experience, including skills gained in construction technology, an understanding of Contract Laws specifically the JBCC, strong numeracy skills and a logical approach to problem solving ▪ Has worked with different teams gaining professional interpersonal and communication skills. ▪ Worked on a variety of commercial and residential projects, from Shopping Centre Developments, Primary School Extensions, FIFA 2010 Stadiums, Houses and Apartments ▪ Proficient in WINQS and OST (On Screen Takeoff 3) software packages

Personnel	Position in Team	Qualification	Experience in Brief
5. Penston Mangwiro	Design Technician	Dip Civil Engineering (Polytechnic Bulawayo)	▪ Qualified Civil and Design Technician with 10 years experience. ▪ Experience in hydrological, geotechnical and building structural design. ▪ Experience in material technology and testing. ▪ Site and project management experience.
6. Nathaniel Sawyerr	Environmental Engineer	MSc (Civil Engineering) (Natal Uni.)	▪ Qualified Professional Civil Engineer ▪ Extensive knowledge of design software, 2 years experience.
7. Douglas Brown	Project Manager	NDip Building Engineering 1992	▪ Qualified Building Technician with 34 years experience. ▪ Extensive experience land and property valuation. ▪ Great experience in governmental and departmental projects. ▪ Experience in design joinery and carpentry works. ▪ Extensive experience project management .
8. Zenande Dinga	Resident Engineer	NDip Civil Engineering (DUT)	▪ Qualified civil technician with 4 years experience. ▪ Great experience in resident engineering. ▪ Project management experience.

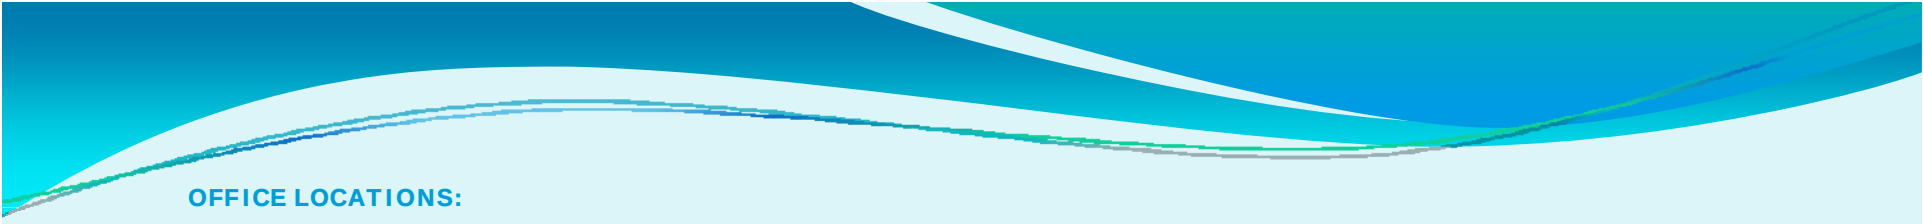

CORPORATE HISTORY

- Ingcweti offers full consultancy in the field of Civil and Structural Engineering, Quantity Surveying and Project Management.
- The company was established in 1998 by Mduduzi Cyril Ntuli. The main purpose for the establishment of this entity was to ensure that historically disadvantaged individuals are offered an arena in which to professionally engage their skills and qualifications in a manner that would allow them to express excellence.

AREA OF OPERATION

- The company operates mainly in KwaZulu Natal, with offices in Durban, Empangeni, Ladysmith and Piet Rietief, however, through association individual effort and determination, hard work and joint ventures with other firms, the company has managed to work on projects in other Provinces, e.g. Eastern Cape
